

WHAT'S IN A (DOMAIN) NAME?

Finding the right domain name is everything — in a digital world, your domain name is your welcome mat. Your domain name needs to be short, easy-to-remember and provide instant association to your organization. Finding the right name is getting harder and harder for new and expanding Bible-inspired organizations. Here's why...

332.4M

Over 300 Million domains were registered in 2017. Almost 40% of them were registered on the .COM domain.

51.8%

Almost 52% of the world's domains are using the .COM and the .ORG top-level domains

2.3M

Domain Registrations grow on average 3.7% year over year. In 2017, the domain registrations grew by 2.3 million.

46,000

There are 46,000 existing Organizations with "Bible" or "Scripture" in their name, many of whom have already purchased their domain on a .COM or .ORG site

- See the problem? There's a shortage of digital real estate. That's why we created the top-level domain of .BIBLE.
- The .BIBLE domain opens up digital real estate for Christian, mission-minded organizations like you.
- When you adopt a .BIBLE domain, you are gaining a short, memorable URL that instantly associates your organization to the driving force behind your mission — the Gospel.
- Our top-level domain isn't just for Bible organizations... it's for all Bible-inspired organizations.

When you choose our not-com domain .BIBLE, you gain instant value to your brand. What are you waiting for? Register your organization with a .BIBLE domain with three simple clicks here www.get.bible/register.
